COMPANY EXPOSURE/EXPERIENCE

uSthaan Integrated Solutions Pvt. Ltd.

July 2023 – Present

Software Development Engineer

Mumbai, Maharashtra

A B2B SaaS company building integrated solutions for business processes and operational efficiency.

- Proficient in Angular, TypeScript, HTML, CSS, Node.js, Express.js, Go, MongoDB, AWS, Git, Bitbucket, Jira, Jasmine, Mocha, OOPS
- Developed a Lambda as a source for handling all notification-related activities across the system.
- Created the back-end architecture of email and SMS service using Node.js, Go, and AWS services for improved concurrency and performance.
- Contributed to microservices written in Go, particularly for internal tooling and reporting services, using goroutines and channels for efficient background processing.
- Designed and built a scalable analytics and billing service from scratch using AWS Lambda, Go, SQS, and DynamoDB, enabling store owners to track SMS/Email usage, delivery/read rates, and generate monthly/quarterly billing reports; supported advanced querying for engagement insights and reduced manual tracking overhead by **90%**.
- Have written migration scripts to update the data for our old stores, including batch updates across MongoDB and DynamoDB.
- Refactored a high-traffic monolithic webpage by modularizing header and footer components, enhancing maintainability, scalability, and boosting development efficiency by **10%**.
- Resolved **20+** production bugs across microservices, ensuring **99.9%** uptime.
- Recognized for exceptional bug identification and resolution, writing efficient test cases using Jasmine and Mocha, which reduced recurring bugs by **99%** and enhanced software reliability, maintainability, and feature engagement by **35%**.
- Reviewed **100+** PRs, ensuring adherence to coding standards, best practices, and performance optimization.
- Conducted **10+** technical interviews, assessing coding proficiency, problem-solving abilities, and technical aptitude to identify and recruit top talent.

uSthaan Integrated Solutions Pvt. Ltd.

Jan 2022 – June 2023

Software Development Intern

Mumbai, Maharashtra

- Engineered RESTful APIs using Express.js and Node.js, handling over **500K+** requests daily with **99.99% uptime**, supporting high-load microservices and enhancing system throughput by **15%**.
- Wrote unit tests using **Mocha and Chai**, achieving over **90% test coverage**, ensuring reliability and reducing production bugs by **30%**.
- Collaborated closely with senior developers in designing scalable backend modules, gaining hands-on experience with **event-driven architecture** and production-grade deployments.

EDUCATION

Indian Institute Of Information Technology Sonapat(IIIT)

Aug 2019 – June 2023

B.Tech (Computer Science Engineering) - **8.51 CGPA**

Sonapat, Haryana

TECHNICAL SKILLS

Languages: C++, C, Typescript/JavaScript, HTML/CSS, Go **Familiar With:** Java

Developer Tools: VS Code, Sublime, Postman, Git/Github, Bitbucket, Jira

Technologies/Frameworks: Aws, Ec2, NodeJS, ExpressJS, Serverless, Angular, Jasmine, MongoDB, Sql

Familiar With: Mocha and Chai, Electron, Ionic, Docker for containerisation and Jenkins for CI/CD processes.

PROFILES/ACHIEVEMENT

Leetcode GeeksForGeeks Codeforces Codechef Hackerrank

- Solved **2000+** DSA problems on different platform
- Achieved a global rank of 249 in LeetCode Weekly Contest.
- Obtained global rank of **2209** in Round E and **2069** in Round H in google Kickstart.
- **4***codechef
- **Specialist** on codeforces

EXTRACURRICULAR/ACHIEVEMENT/RESPONSIBILITIES

- Organized and managed **4+** college events, enhancing event-planning and team leadership skills.
- National chess player and **6** times Uttarakhand state chess champion.
- Accomplished **98.1959** percentile in JEE Main 2018 among a **million candidates** across the country.
